Bay City Destination Management: Workshop #1

Core Values of Bay City

Small community
Wave to each other
Recognize each other
Peace and quiet
Neighbors help each other
Walking town
Community pancake breakfast
Local fire station
Local radio – KAYN
Local library – classes
City hall available for events
Al Griffith city park
Kilchis Point Reserve
Community groups: church, art center
Proximity to Tillamook State Forest
View of and access to Tillamook Bay
Sunset views and sunrises
Partnership with Port of Garibaldi

Tourism Assets

Boat ramp
Railriders
Kilchis Point Reserve
Access to Tillamook Bay
Birds and wildlife viewing
Walking paths
Four city parks
Bay City Arts Center
Tillamook Bay City RV & Yurts Campground
Yurts by the Bay
Sheltered Nook Tiny Home Village
Tillamook Country Smoker
Vintage Peddler shop
Church
Al Griffith Park and Campground

Skate Park
Concerts
Four restaurants: Mana's, Downies, Landing, Fish Peddler/Seafood Market

Alderbrook Golf Course
Hydrangea Ranch/Sports Camp/Farm-to-Table Barn
Twins Ranch Covered Wagon Campground
Good infrastructure: water, sewer, reliable power and internet
Proximity to Tillamook, Garibaldi

Strengths

Stability in current lodging and camping properties
Bay City Arts Center
Municipality stability
U.S. Post Office (more like a community center/safe place)
Multiple parks
Kilchis Point Reserve
Tillamook State Forest
Proximity to Hwy 101
Safe, quiet community
Walking town
Friendly town
Home base for travelers
Fire district bond won at 72%
Family owned eateries
Booster club care for flower pots, do holiday lights
Local library – librarian holds classes, events
Pearl Festival returns 2023
Provide mutual aid for emergency response

Weaknesses

Summer traffic on Hwy 101, turning south from Bay City
Lack of housing
Older/aging population
No schools
No medical clinics
Lack of resources compared to larger areas
Some drug and homeless problems
Loud truck traffic
Assets are aging, maintenance needs put off
Lack of unique lodging
2nd-home owners often not part of community, lack of oversight if STR
Need better visitor info – update discoverbaycityor.com

Opportunities

Master plan for parks – Al Griffith park improvements

Club sports

Connect Bike camp with Salmonberry Trail and Kilchis Point Reserve

Bay City Arts Center – update kitchen, hire paid executive director, build ceramic studio in separate building

Programming and tour guides for Kilchis Point Reserve

Food truck pod

RV dump site

Fire District improvements

Partner with Port of Garibaldi for better access to bay

Greater broadband

Skate park expansion

Install security cameras at Kilchis Point Reserve

Update visitor website

Threats

Lack of pedestrian crossing on Hwy 101 –

Natural disasters – fires and tsunami

Sea level rise from climate change

Bad press – negative media

Hospitality – if visitors no longer feel welcome

Not managing tourism well

Lack of staffing at city to manage tourism well

Lack of funding

Unreal local expectations

Push for more housing density could threaten village feel, loss of identity

Affordability at risk

Finance Report for September 2022
From: Finance Director, Lindsey Gann

- Auditors were on site and completed their review of financial documents for the 2021-2022 Audit.
- USDA performed a Civil Rights Compliance Review for our USDA loans – copy of results are attached. There are a few items that need to be addressed and staff is currently working to complete the requests.
- Email sent to Susan Wagner to discuss a new contract with CAT for the housing rehabilitation funds.
- Working with Civicplus/municode to start the codification process for our Ordinances.
 - Codification is **the process of consolidating your legislation of a general and permanent nature and organizing it into a logical and sequential code of ordinances.**
- Working on newsletter for October.
- Created press releases for grant funds received for the Fire Department and Al Griffin Memorial Park.

RE: Civil Rights Compliance Review - Results

Dear David and Liane,

I recently completed a Civil Rights Compliance Review at Bay City. As you know, per letter of conditions, the city is subject to several Civil Rights laws and policies during the term of the loans. From my review it appears that the city needs to take a few of actions. Please review the following and take appropriate action as necessary:

1. Compliance with Departmental Regulation 4300-003 “Equal Opportunity Public Notification Policy.” Attached is the current version of DR4300-003. Primary compliance is achieved by posting the current version of the “And Justice for All” poster in public areas of the city offices. Current posters were provided during the visit. The pertinent language as shown in paragraph 6b. or Appendix D, depending on size, must also be incorporated into all publications that are available to the public. In addition to printed materials, this also includes electronic media such as the city webpage and social media sites, such as Facebook. One suggestion would be to place the abbreviated statement— “This institution is an equal opportunity provider” – on the main page as a hyperlink to the full statement. I did find a statement on the city council meeting agenda on the city’s webpage, but not the full statement. Remember that the full statement should be provided when there is room. Typically printed materials have limited space, whereas the electronic media is unlimited, therefore the full statement should be available, even if as a link.

Please let me know when the language has been incorporated in your internet sites.

2. Limited English Proficiency (LEP) requirements. Section 504 of the Rehabilitation Act of the 1973 and Executive Order 13166 both require that you take reasonable steps to ensure that persons who do not speak English as their primary language and/or have a limited ability to read, speak, write or understand English, receive language assistance to have meaningful access to USDA programs, services, and information the district provides. Your primary responsibility in this regard would be to prepare a Language Access Plan or LAP. Please see the attached “LEP four Factor Analysis Quick Guide” for assistance. Additional guidance for completing a Language Access Plan can be

Rural Development

USDA is an equal opportunity provider and employer.

found at www.lep.gov. I also found online a link to some resources put out by the Texas Rural Water Association directly in response to Rural Development's LEP requirements and have attached their draft LAP sample plan. You can find that information at www.trwa.org/page/LEP. I have also attached a copy of the "I Speak" cards which you might find to be a helpful part of your LAP plan.

3. Section 504 of the Rehabilitation Act of 1973 also requires recipients of federal assistance to complete a Self-Evaluation and Transition Plan (SETP). (NOTE: this also appears to be a requirement of Title II of the ADA). You indicated during the interview that you didn't have one, but I was able to locate the most recent one from 1995. Unfortunately, it is missing several pages (2, 4, 6 and 7). I have attached a copy of it and a blank form so that you can review and update where needed. I don't have a great guide for you to follow but hopefully the following will provide you with enough information to complete the self-evaluation and update the transition plan:
 - a. Blank Self-Evaluation and Transition Plan.
 - b. DOJ ADA Guide for Small Cities
 - c. Section 504/ADA Technical Assistance Handbook from N. Dakota Division of Community Services
 - d. Self-Evaluation for Compliance with Section 504 (worksheet)
 - e. Non-architectural Barrier Self Evaluation Guide (worksheet)
 - f. Ada-checklist-word-fillable-form, from Institute for Human Centered Design

Typically, the Self-evaluation would also include a transition plan. The transition plan would identify all physical barriers to accessibility – i.e. no ramps at steps, no accessible parking, etc. – and then provide a plan to eliminate those barriers. The transition plan is on page 8 of the blank self-evaluation and transition plan noted above.

Noted during the inspection were the following items that don't appear to meet ADA, not an all-inclusive list:

1. The tactile signage at the public restrooms in City Hall is improperly located. Signs should be located on the wall on the latch side of the door.
2. The mirrors in the city hall restrooms appear to be placed so that the bottom edge of the mirrors exceed 40".
3. The toilet seat protector dispensers in city hall restrooms may exceed the reach range above the floor and protruding objects.

It is ideal that a borrower would review the plan annually, such as when they are preparing their annual budget, so that items noted in the transition plan that require correction can be identified in the budget and completed. The plan should be available to the public upon request. **Provide a copy to Rural Development when complete.**

4. Collection of user demographics. As we discussed during the review, at the next RD Civil Rights Compliance Review, in addition to the 'Users during the last 12 months' RD will ask you to report the data for 'applications received' since the last review (8/25/2022) I have attached the verbiage we recommend that borrowers incorporate in the service sign-up or application process. The verbiage lets applicants know that if they choose not to identify their race and ethnicity, that the information will be completed by the person taking the application. **Collect the data and be ready to report it going forward**

5. You signed and turned in the Vulnerability Assessment and Emergency Response Plan Certification form and turned it in with question marks on the dates portion. If you need information regarding the requirements of a vulnerability assessment or emergency response plan, please contact DEQ.

I've tried to offer as much guidance as practical to assist you in achieving compliance. However, I realize it is quite a bit of information to take in. As such, I am available by phone to answer any questions and offer additional guidance to ensure we are on the same page moving forward. While some actions can be taken easily, others may take some time. I do need a response within 30-days. The response should indicate what actions, if any, have been taken, and provide a time frame for addressing remaining items.

In the meantime, if you have any questions or concerns regarding these or other matters, do not hesitate to contact me.

Sincerely,

Community Programs Specialist

Fire Department Report, October 2022

September: 16 Calls for service; 6 Medical, 7 Mutual Aid (4 Fires, 2 Motor Vehicle Accidents, and 1 Medical) 1 Fire Alarm, 1 Citizen Assist, and 1 Law Enforcement Assist.

The Department completed a total of 562 hours in September. Our hours break down as follows: 145 training, 107 responding to calls for service, and 310 administrative.

Volunteer Activity and Status:

13 Volunteers responded to calls for service in September.

Lieutenant Jacob Griffith responded to 100% of our calls for service followed by Firefighter Sweeney with 77%. Great Job.

Lieutenant Jacob Griffith volunteered 32 hours in September. Firefighter Greg Sweeney volunteered 30 hours, followed by Firefighter Holly Saindon with 25 hours.

Our roster is currently at 23.

Training Program:

We are continuing to train in house and with the Garibaldi Fire Department.

We are still looking at options for our special operations training needs that may include participation with other Fire Departments in our region.

Division Chief Paulsen and Division Chief Christensen are continuing to look at options to streamline training and certification.

In October, Chief Paulsen and Chief Christensen will be completing training calanders for Bay City and Garibaldi. These Calanders will include a rough draft of proposed academies and ems training.

Operations Program:

Chief Christensen and I have began to discuss what the Operations division should look like. I will be identifying areas of responsibilitoy and handing them over to Chief Christensen in the immediate future.

Operations will probably include; Fleet Maintenance, service, and acquisition; PPE maintenance, inspections, and acquisition; Equipment Maintenance, service, and acquisition.

Chief Christensen, and Chief Paulsen have been working on our new vehicle. We purchased a new 2022 Dodge Ram 2500 pickup. Since picking it up, they have been working on specifications and vendors for Lights, Siren, Radio and Striping.

We are planning to complete the vehicle upfitting in next years budget with the addition of a canopy, Bed slide, Push Bumper, and Receiver mounted winch.

Administrative:

DC Christensen worked 194 hours in September while also covering 239 hours as on Call Duty Officer.

I worked 151.5 in September and covered 257.5 hours as On Call Duty Officer.

DC Christensen and I are continuing to work toward a schedule and communication scheme to allow us to better adjust to incidents while keeping our hours under control. DC Paulsen has requested an introductory subscription to Vector Solutions Scheduling program. Once available, we will try and tailor this to our needs to coordinate Work Shifts and Duty Officer Shifts to try and reduce our hours and streamline coverage. The advantage of this program is that it will be cloud based, and available for Volunteer Officers as well as Staff.

I am continuing to work toward completion of our ISO evaluation. We were successful in re creating our Auto Aid Fire Alarm response with in Tillamook County. We have also been working on Hydrant flow and maintenance issues along with public works.

I received the final distribution letter for our VFA grant, and will complete it for payment once I receive a bill for wildland fire helmets. All items for the Tribal Charitable Contribution grant have been ordered.

Pre-Hospital EMS.

We have completed the creation of a full BLS kit for DC Christensen's vehicle to ensure compliance with the County's ASA as well as increasing our capabilities with medical incidents.

For the moment we are up to date on our consumable medications and medical devices. Firefighter Saindon is working toward an inventory program within Emergency Reporting to cover our EMS inventory along with dates.

Fire Season:

Fire Season should end October 15th unless unusual weather arrives before that date.

Firefighter Holly Siandon returned from her conflagration deployment with lots of experience and great stories. I have processed her payroll, and we should be receiving the reimbursement package soon.

Recruiting:

We have 2 new volunteers in the initial application phase. We are looking for a few more to initiate a Fall FF1 Academy.

If you know of anyone that may be interested in volunteering, please ask them to come by on drill night or contact me anytime. We are still in need of first responders and non-response volunteers.

Respectfully,

Darrell Griffith

Water

- Radio read water meters continue to be installed
- After soliciting quotes from a half dozen drillers direct, one quote was received for \$169,995.00. I spoke with several of the drillers and was told there is an enormous amount of well and irrigation work available right now and they don't need to travel to work. If they travel the price goes up considerably. There were a couple items in the bid specification the drillers didn't like that are not mandatory, the plan is to remove these items trying to make the work more appealing and go out for bids again.
- No electrical issues in the last month at the well, I believe the electrical gremlins reported in pervious months has been remedied.

Streets

- Several Right of Ways were mowed in the last month.
- No parking on Street signs, stating you will be towed have been installed on Ocean in the vicinity of 3rd Street. Door knockers were placed on each house in the area.

Wastewater

- Tillamook Country Smoker continues to operate within permit limits. There have been zero code violations this calendar year since the new industrial users permit.
- Screen work at the treatment plant continues. The sump manhole and overflow manhole have been installed. The slab has been poured for the vault the screen goes in.
- WWTP is operating well with the very low incoming summer flows (under 100,000 gallons a day) this time of year. Flows have been returned to the bay after about a month of discharges to the ponds.
- A 35 foot section of sewer main was replaced on Seattle Street in the vicinity of 13th Street. This pipe had a large belly/sag in the pipe that created a P-trap like effect. Grease would collect on the upstream side and plug the pipe. This section of pipe plugged last winter and caused an overflow. When the pipe was excavated it was discovered that another grease plug had accumulated and the pipe was near another plugged situation. The repairs will remedy this issue going forth.
- We have received nearly complete drawings for the new sewer lift station and RV dump station. They are being reviewed for any final last modifications.
- Wastewater crews have had 3 push cameras demonstrated in the last month as we look to purchase a push camera for sewer inspection.

Parks

- Campers continue to enjoy the campground and the park.
- Two campers have taken up residence in the park and are not paying creating essentially a City homeless camp. Efforts are being made to get them removed from the park. These homeless people have many excuses as to why have nowhere to go and somehow their problems are now the Cities problems.

- New conduit has been installed between RV sites 10 and 11 so the wire can be replaced remedying the electrical issues at the campground. Wire and misc parts are due to arrive for the electrical issues the first week of October. Supply chain issues have continued to be an issue.

Misc.

- What has been referred to as the Brian Lemon property at 7895 18th Street has been sold to Loten Hooley of Tillamook. The real estate transaction is complete.
- Awaiting Averill to haul the dumped RV from Warren Street. Aaron Averill seems to be very busy.
- The Vactor truck main motor that was replaced last year has failed. A valve dropped into the Cylinder destroying the motor, and the motor needs replaced again, at 94 miles on the new motor. We are working thru a warranty process which isn't as clear cut as one would think when it comes to a roughly \$35,000 motor replacement.

Bay City Emergency Volunteer Monthly Report – October 8, 2022

- Liane is on vacation the week of Oct 17th. “Great Oregon Shake Out” event on Oct 20th is cancelled this year.
- BCEV continues to hold Wednesday 7 pm radio check-ins. We have 4 people that participate.
- BCEV has purchased supplies for the sheds. Next step is to schedule a work party to install the shelves and organize the materials on the shelves.
- BCEV has approved \$1,000 to match the Boosters for smoke alarms for residents who request them.
- Next Meeting is Monday October 17 at 5:30 pm

Nature of Comment/Complaint (State as much information as possible and what desired resolution is. If you are aware of a specific law/ordinance being violated, please indicate, you may attach additional information and images.)

My father Kenneth H. Simmons was the fire Chief of the Bay City Fire Department for 40 years. He joined the Department when he came home from the European campaign after WWII was over.

He was one of the group of fire Chief in Tillamook County to get 911 started here.

He was a member of the Oregon Fire Chiefs Association.

My father was born and raised in Bay City. His great grand father was Judge Warren, who Warren St is named after.

Myself and my family feel strongly about this. It would be an excellent gesture in honoring his life long dedication to the fire department.
